

Inspire Me! Fall Newsletter

We are all excited about what has just arrived and what will be coming soon. As you can tell by all the Fashion Magazines that are arriving, filling up the mailboxes, Fall is a very exciting time in fashion!!

From everything that I have seen, here is what I felt was strong for this season.

1. Platinum or Heather or Steel (however you call Grey) I love it this season! Everyone knows I love Black, but for Fall, I choose Grey.
2. Patent Leather-still strong -in handbags, shoes, and even touches of it on clothing.
3. Jeans- there are so many jean companies out there and everyday I here about a new hot brand and the next day it is not ever around. Here is the lowdown on brands that I am sticking with. Downtown-

we have [True Religion](#), *7 For All Mankind*, *Citizens of Humanity*, [Rich and Skinny](#), [Joe's](#), and *AG*,
Lacoste and *Juicy*.

Granger- we have *Red Engine*, [Raven Denim](#), [Fidelity Denim](#) and a few higher rise [Joe's](#).
I love the dark trouser wide (not too wide) leg jean. Really cute and looks great on almost everyone,
unless you are short, stick with a straight (not super skinny) leg dark jean.

4. [Ruffles](#)- you will see them on dresses, jackets, blouses and purses. I am not talking big ruffles but
smaller and feminine ones around the neck. We have an amazing leather jacket with ruffles by [Diane
von Furstenberg](#) right now that is very cool.

5. [A great handbag!](#) Fall is a perfect time to splurge on a great handbag. Right now we have
[Botkier](#) *Handbags* that are really incredible, especially the one in the picture attached. It also comes in
brown and an army green color. It is my favorite because it holds so much! A lot of celebrities carry
[Botkier](#) like Heidi Klum and Halle Berry. We are now carrying the larger handbags from *Brighton* for
a more tailored, classic look with incredible attention to detail.

For those of you that do not like to carry a big bag, we are blowing out of the clutch wallets by *Lodis*.
Everyone loves carrying them because they are flat and sleek looking. New ones are always arriving!
We will be getting *Hobo* bags in too, they have a few more compartments in the clutches, so they will be
a little bulkier. There is a very cute line arriving this month that is called *Amy Kathryn*, a new line from
California that I could not resist buying every style they make because they are so unique and they
have pretty prints on them. And lastly, we are getting *Solas* handbags that when you open up the
bag, there is a light inside them that turns on so that you can find your keys or lipstick with ease.

6. New lines that are coming soon and some coming very soon are *T-Bags*, sexy knit dresses and tops
that are in great colorful prints. *Bordeaux*, really great tops and layering pieces for under jackets or a
great Fall sweater.

7. [Shoes and Jewelry](#)- If you haven't been in lately, you have to check out the website and view the
great new shoes from *Shoes for Lovely People*. It is a very cool line and I saw the new ones for Spring
'08 yesterday and they will be amazing too. We have a lot of great flats (I am so glad they are back!) and
heels from *Van Eli*, [Bella-Vita](#), *NYLA*, and [Poetic Licence](#) too! In the jewelry department we have
a ton of new [Chan Luu](#) coming very soon (check out the new fall clothing online that just arrived), the
coolest carved resin bracelets that are getting tons of press from *Jessica Kagan Cushman* (on the
picture attached) and new arrivals from *Sarah Briggs*, *Janna Conner*, and *Devon Leigh* this month.
I am sorry this was so long, but I haven't had a chance to write a newsletter and everyone was asking for

it.
